

The values of the Family are being threatened every day. This was seen with Janet Jackson in The Superbowl. I consider K-LOVE as an essential part of our family. It is a station that is family friendly. K-LOVE (91.1) is a station that encourages, inspires, helps, and benifits all families in the community. As a single mother raising two little boys we need K-LOVE. Please keep K-LOVE in our community by not allowing Low Power FM to take over our station.
